Quick Tip

You must use the Data Requirements Spreadsheet MidAmerica provides. Data is not accepted in any other format.

Data Requirements

Why am I asked to provide my participants' personal email addresses?

Personal email addresses are critical so that communications with the participant are uninterrupted in the event of retirement or separation from service. We want to provide valuable account information, important plan details and periodic updates to your participants as efficiently as possible, and in the way they prefer to receive it.

How can I upload data?

1. Go to **www.myMidAmerica.com**
2. Select **Upload File** from the top right-hand corner, then select **For Employers/Partners**
3. From the Employer Upload Site landing page, select your form type (Contributions, Forfeiture or Census)
4. Complete the series of identifying questions. Please note if you have selected the Contributions form, you must enter a funding amount.
5. Upload the appropriate Data Requirements Template (Contributions, Forfeiture or Census) using the blue upload button located below the comments section

Tips for Filling out the Contributions Data Requirements Spreadsheet

- **Populate all fields**, including preferred fields
- **Voluntary 403(b) or 401(a) Contributions** should reflect any employee contributions made to another 403(b) or 401(a) during the year. This information will be used to ensure that the IRS limits are not exceeded.
- **Includible Compensation** is the amount of taxable compensation from the employer during the last full calendar year of service (gross wages).
- **Contribution Frequency** should be noted to indicate how often a contribution will be made on the employee's behalf. Please note that contributions can only be made for up to five (5) years post-employment.
